1. Respective responsibilities of the body and the auditor

This smaller authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The smaller authority prepares an annual return in accordance with proper practices which:

- summarises the accounting records for the year ended 31 March 2017; and
- confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

Our responsibility is to review the annual return in accordance with guidance issued by the National Audit Office (NAO) on behalf of the Comptroller and Auditor General (see note below). Our work does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and does not provide the same level of assurance that such an audit would do.

2. 2016/17 External auditor report

(Except for the matters reported below)* on the basis of our review of the annual return, in our opinion the information in the annual return is in accordance with proper practices and no other matters have come to our attention giving cause for concern that relevant legislative and regulatory requirements have not been met. (*delete as appropriate).

External Auditor Report for the year ended 31 March 2017

Other matters not affecting our opinion which we wish to draw to the attention of the authority

Petty Cash

The internal auditor has answered 'Yes' to Objective F in relation to petty cash. This should state 'not covered' as the Authority does not operate a petty cash system.

The Authority should ensure that the internal auditor's report is reviewed before sending the Annual return to the external auditors. The Authority should minute this process. If there are any errors in the internal auditors report it should either be amended by the Internal Auditor or the Council should provide an explanation for the error.

High level of reserves

We note that the Authority holds a high level of general reserves, approximately 5.4 times the annual precept for 2016/17.

The Authority should review the level of general reserves required and consider taking steps to reduce the level in future years if necessary.
