April/May 2016

**It
Must
Be
Spring**

Hush, can you hear it?
The rustling in the grass,
bringing you the welcome news,
winter's day has past.

Soft, can you feel it?
The warm caressing breeze,
telling you the sticky buds
are bursting on the trees.

Look, can you see them?
The primrose in the lane,
Now you must believe it,
Spring is here again.

With a big sigh and a guilty look at my boxed set on the shelf, I took myself off to the Rebel cinema to watch the Dads Army film. I am a lifelong fan of Dads Army, have all the episodes and the Christmas Specials, oh and a mug! I know, I know.

Should we try and remake a classic? Is it too much for the critics to bear that a new version was made. When you consider that the original shown on Saturday evenings on BBC2 still attracts over 2 million viewers and is regularly previewed in the Radio Times on Pick of the Day every Saturday.

Well, for me personally I enjoyed the film, it didn't try to copy the television series, more run alongside it, although I did feel Catherine Zeta Jones probably didn't need to be in every single scene.

This does question if the critics really reflect the public's view. When you think about the popular TV or cinema that gets mangled by the critics, but watched by millions of people, Mrs Brown's Boys for example, I know its Marmite, but the figures don't lie. It makes me think that critics just have to be seen to be slating anything that doesn't have a Booker Prize or Toronto film festival award. Why can't they open their eyes and just admit that for the working Joe Public, after a hard day, sometimes you just want to let a film wash over you, that doesn't need your full attention. Umm food for thought!

Jacobstow Parish Council

Chairman: Mr. Norman Osborne 01840-230592

Parish Clerk: Mrs D. Turner 01566-781269

Members: Mrs Charmaine Smith Mr Dennis Adey Mr. Bob Reason
Mrs Iona Franklyn Mr Ray Fox Mr Peter Chapman

The Parish Council meets in the Parish Hall on the 1st Tuesday of every month (except, for August). Meetings commence at 7.30 pm. Members of the Public are welcome to attend but any items for inclusion on the Agenda should be submitted to the Parish Clerk at least 10 days before the meeting. There is an opportunity to raise questions at the beginning and end of the Council meeting but questions (and answers) raised at these times are not recorded in the Minutes. Agenda and minutes of previous meetings on the village website www.jacobstowvillage.co.uk

Editor's Note The report on each month's Parish Council Meeting is a summary prepared by the Parish Clerk. We have omitted certain minor items for brevity but a full version of the Minutes is displayed on the Parish Hall Notice Board (after formal approval) at the following month's Parish Council meeting.

Summary of Minutes of Meeting held on 2nd February 2016

Cllr Osborne chaired the monthly meeting of the Parish Council with five Councillors, County Cllr. Nicky Chopak and five members of the public attending.

- 1) Public Question Time – Members of the public had a discussion on the Notification for Prior Approval for a Proposed Change of Use of Agricultural Building to three dwelling houses for Mr Barry Sobey at Witheven Lane, Jacobstow. The public were against this application.*
- 2) Defibrillator – The defibrillator which had been given by Mrs Fran Holmes had been installed at the Post Office and will be in use soon. She had paid for it to be checked annually for three years after which the Council will pay. Clerk to find out who is responsible for checking the defibrillator once a month.*
- 3) Footpath Account – It was agreed to pay the Footpaths Trimming Account amounting to £540. Proposed Cllr R Reason, Seconded Cllr. Adey. It was discussed and agreed that the total spend in any one year should be no more than £1000. This to be reviewed in November.*
- 4) Planning Application – Mr & Mrs A Sharp, Trelymm, Canworthy Water. Proposed bedroom and ensuite extension. Councillors support this application.*
- 5) Donations – It was decided to give Jacobstow Church and Eden Graveyard Fund the usual £150 each. Also to give donations to Childrens Hospice (SW), Cornwall Air Ambulance, Samaritans, Stratton Hospital and Bude Memory Café.*

Summary of Minutes of Meeting held on the 1st March, 2016

Cllr. Osborne chaired the monthly meeting of the Parish Council with five Councillors and ten members of the public attending. The evening began with the Annual Parish Meeting for which there were three Speakers, Mrs Sue Russell, Head of Jacobstow School, PCSO Stuart Baxter, Devon & Cornwall Police and Mrs Sue Burrows, Bude Museum. All three gave very interesting talks. Tea & biscuits were then served after which the monthly Council meeting was held.

- 1) **Planning Application No PA16/01099 – Mr & Mrs Fursdon, Kents** Cottage, Road from Ferretts Cross to Beckaveans, Jacobstow. Proposed dwelling. Councillors unanimously supported this.
- 2) **Community Benefit Fund** – The Community Benefit Fund was discussed and it was decided to put an article in the Journal for any local Organizations wishing to apply for a Grant up to £500 to fill in a Claim form (obtainable from the Clerk). Claim forms received to be discussed at the July Council meeting.
- 3) **Planning – Mr & Mrs Sharp** – Trelymm, Canworthy Watger. This was approved by Cornwall Council.
- 4) **Prior Approval – Change of use – Mr. Barry Sobey** – This Application was refused by Cornwall Council
- 5) **Cornish & Devon Post** – Account received for newspaper advertisement for £20.16. Proposed we pay Cllr. Smith, Seconded Cllr. R Reason.

Your MP Scott Mann - - For full version of this letter follow the link on www.jacobstovvillage.co.uk In January I wrote that a group of MPs had issued a critical report of BT, saying that not enough was being done to roll out broadband or provide sufficient internet speeds. The regulator of the communications industry, Ofcom, has now ruled that BT's Open R

each division must open itself up to other internet providers. Now though, BT has been told that it must open up its infrastructure and network so other service providers can install their own cables. This is a significant development, because it could mean that many rural properties which have previously been denied broadband could be connected by another service provider. I've been approached by constituents who are concerned that an EU Brexit could stop funding in Cornwall. The day after the referendum, regardless of the result, we will still be a member and thus still receive funding. The referendum is not legally binding on our membership and it will take up to two years for us to leave once we invoke Article 50 of the Lisbon Treaty, which states that EU treaties do not cease to apply until the member in question has actually left.

Jacobstow Neighbourhood Watch

I have been advised that a company is phoning local individuals claiming to be able to re-rate your property to achieve reductions in council tax and tax banding. They require your credit card and £65 payment up front. I can confirm that we have checked this with Cornwall Council and Trading Standards and that this is a scam. Could you please pass on the message within your area.

SWEEP, OUR “FLINTSTONES” CAT

Why would we call her a “Flintstones” cat? For the simple reason that like Fred Flintstone we threw her out of the house each night. Which was not what we did with our cats, but Sweep was different. Let me start at the beginning. We already had a cat and two children and were living in Canworthy Water across the road from a farm. At the time, the farm had lots of farm cats, including Sweep. The problem was that Sweep hated the farm dogs. She was scared of them. She came over to our house frequently for a break from farm life and the children had grown very fond of her. One morning the children came rushing into the house saying “Mummy, Sweep’s been run over, we have to save her.” My heart sank as I went to our front door and saw Sweep lying on the road outside. She was still alive but she looked as if she was concussed. I had recently done a First Aid course and recognised the symptoms! Although she was not our cat the children were crying and there was no time to lose, so I decided to drive Sweep to the vets and deal with ownership details later. I assumed she would die. Once I had left her with the vet, I phoned the farm to let them know what had

happened. Sweep survived and the vet said she needed to spend a week indoors in the warm. Our family came to an agreement with the farm and we adopted Sweep. She made a full recovery and became street wise and very aware of cars. Sweep loved being in the house but we had to restrict her to day stays only as we were unable to house train her. We hated throwing her out each night after a lovely evening warming herself in front of the wood burner. Our neighbour, the late John Fry built her a kennel so she could keep warm at night, but she never used it, preferring to sleep in the barn up the road. She would often sit on the downstairs windowsill at night, crying to come in. This meant that if either one of us came downstairs in the night, we would try to duck out of view and creep past the window; she made us feel so guilty! However every morning our joy was to bring her in from the cold, feed her and let her thaw out on our bed. She was a very tolerant cat and allowed us to dunk her in a bucket of soapy water when she had diarrhoea, before taking her to

the vet. If we went away for the weekend or on holiday, the first thing we would do would be to send our children to look for her in the fields behind our house and bring her back for a celebratory meal and warming by the fireside! Sweep lived to a ripe old age. She knew all about the dangers of cars and she was an incredible hunter, catching mice, rats and rabbits. To her credit, she was never interested in birds.

CHURCH AND CHAPEL NEWS & EVENTS

Warbstow, Eden and District Youth Club

I am writing on behalf of the former members of Warbstow, Eden and District Youth Club. We would like to thank you for the support you have given the youth club over the past 6 years. Regretably, the decision has been taken to end youth club as of the 12th February. This has been due to the fact we now have very few members and despite our best efforts have been unable to attract more young people or another leader who can carry our club forward.

Young at Heart Club - Eden Chapel, Headon Cross, Jacobstow
(between Wainhouse Corner and Canworthy Water)

1st and 3rd Wednesday of the month 1.30 - 3pm

All welcome to come and join us for a chat, refreshments, table top games, pool, darts, keep fit, crafts, music....in fact whatever you feel like as long as it's legal and not offensive to others. We are already planning our Christmas Lunch !

BOB'S GARDENING SPOT

Now is the best time to sow French Beans under glass. Sow peas and keep sowing every 3-4 weeks to get a regular supply. Sow leeks out doors – choose a maincrop like "Musselburgh" or "Giant Winter". Make a plan for winter vegetables like Cauliflower, Brussel Sprouts and Savoy Cabbage.

Clean out your border now growth has started to show where the perennials are placed in the border. If you need summer bedding buy them as plug plants to grow on ready to fill the gaps. Pinch off bulb heads and plant Gladioli corms: grow them in a circle and put a cane in the centre to support them when they grow tall. In early May you should be planting your tomatoes under glass but plan it right to support them and plant Marigolds around the base to deter white fly.

You should be planting out your runner beans, french beans and courgettes if you like them. Plant out Chrysanthemums for winter flowers, also plant out Dahlias and take cuttings from their young shoots to give you extra plants for free!

Prune plums and cherries now the sap is rising by leaving it a bit later, you avoid silver leaf problems because the fungus can not enter any cuts. One final job, make compost bins to recycle your garden

Happy Gardening Bob

CANWORTHY WATER BOOK CLUB

MR GOLIGHTLY'S HOLIDAY by

Sally Vickers

Well written with an interesting plot, although there seemed an un-necessary amount of words we didn't know.

We talked a lot about the God and Job connection and felt that the Readers' Reviews were very illuminating but didn't spoil the story.

PURPLE HIBISCUS by Chimamanda Ngozi Adichie

The plot surrounds a very well to do self-made industrialist who is an extreme Catholic. It depicts how he browbeats his immediate family whilst being generous to outsiders. Another well written book although the content was brutal, the descriptions of life, cuisine and flora of Nigeria was vibrant.

Jacobstow Primary School and Preschool

Jacobstow year 3-4 children visit RHS Rosemoor Gardens and develop their learning.

A day out at the Royal Horticultural Gardens at Rosemoor is always a delight but did you know that they run a fantastic educational programme? Jacobstow

Primary School children regularly visit making the most of the opportunity for the children to get to know and love the gardens but also to learn a wide range of related skills. Year 3-4 spent a great day there recently developing their map reading and orienteering skills. Despite the dreary weather the children really enjoyed the opportunity to explore the formal gardens whilst searching, using their maps for a set of clues to unlock a coded message.

1st Jacobstow Guides

We have been having lots of fun recently, joining with the Rainbows and planting lots of bulbs, making yummy pancakes on Shrove Tuesday. We had a peer educator come (a member of the senior section trained to provide sessions on matters that affect young girls) and complete a session on self confidence and self esteem. We went on a penny hike around Bude that mysteriously took us past 3 chip shops, where we were able to sample and compare chips. As well as completing lots of activities with buttons in order to complete a challenge badge.

We are delighted that we are able to reopen our Rainbow unit, so if you have a daughter aged 5-7 years who is interested in joining please get in contact with either Mary on 01840 230006 or Helena on 07966484690, alternatively register her interest in joining at http://www.girlguiding.org.uk/get_involved.aspx. We have found a leader eager to set up a Brownie unit (for girls aged 7-10 years), so watch our for further details. If you are interested in volunteering to help with the unit please do get in touch!

Letters Page

Something you want us all to know about? Email and address for letters is on page 2

Hi, We've recently moved into the village and while impressed by the number and variety of birds visiting the garden, were somewhat surprised to have been adopted by a rather splendid cockerel (photo attached). We assume that some poor soul is missing the chap and we'd would like to see him reunited with his family and, presumably, harem. Have you any idea of who might have lost the fellow and/or how we might discover them? Kind regards

,David & Kim Cawley Higher Southcott Farm
EX23 0BP 01840 239853

I was out for two hours this morning walking the roads from my house to Tobarn Farm and from the pub down to the tree just past the bus station and around Wainhouse corner garage petrol station and Wasterow. I picked up 3 large bin liners full of rubbish, a lot of which I think is probably from recycling which has blown around or off the lorries but there were loads of Red Bull cans and vodka bottles on the Canworthy Water road. Can we put a notice in the journal telling people not to litter in the first place but if anyone does see any rubbish on their travels or around their homes (particularly on bin days as I am sure this is part of the problem) to take a bag and walk for a few minutes up the road and collect it? It doesn't take much time and it is better for everyone.

Thank you Rachel Wren

Today, Monday 7th March, my faith in human nature has been restored as I encountered a young mother of two children picking up rubbish along the roadside. Rubbish that has been dropped by people who obviously have no respect for the locality and just lob their rubbish out of their car windows.

They are Red Bull, Vodka drinking takeaway louts and should feel guilty that a resident, who I am sure has better things to do with her day, feels she has to do this horrible task.

So, I personally say "thank you very much" to this young mum for trying to keep the village nice and tidy

Juliotter Garden Club

Do you love gardening? We have monthly speakers and outings organised to enrich your lives! The Juliotter Garden Club, are a very friendly and informative group meeting the 4th Tuesday of every month at Otterham & St Juliot Hall, Marshgate.

Next Meeting: Tuesday 26 April 7.30pm, Nick Bacon will speak on "Growing Vegetables the Old Fashioned Way"

On Saturday 21 May 10am - 1pm, we have Plant Sales at Otterham & St Juliot Hall Marshgate.

We look forward to meeting you for coffee and biscuits and welcome new members.

PET NEWS - Did you know The Pet Travel Scheme enables you to travel with your pet dog, cat or ferret to other EU countries and then return home without having to put them into quarantine? Here are the steps:

Pets must firstly be **micro-chipped** and subsequently **vaccinated against rabies**. Once these steps are completed a **Pet Passport** can be issued. Pets will be allowed to travel with a Pet Passport 21 days after a rabies vaccination.

Before travelling home, dogs must be treated against **tapeworm**. This needs to be treated by a veterinary surgeon and added to the passport.

Contact your vet or visit www.defra.gov.uk for more info

WINE & WISDOM QUIZ

A very successful quiz to raise funds for the Parish Hall was held recently. John Osborne set the varied range of questions, he was an excellent quiz master, assisted by his daughter Sian.

A grand total of £240 plus a £20 donation was raised. Thank you to all who attended. Frankie Franklyn

Jacobstow Art and Craft Group

We have just come to the end of our 2015-16 winter spring meeting. Membership has increased this year and we regularly welcome ten or more people to the village hall on a Tuesday afternoon. We have had the opportunity to take part in various craft projects. This year's programme has included quilling, a method of using paper quills to decorate cards.

We also made more pottery plates and green man faces from clay, learned to create hand built mosaics and practised the arts of hand-carding fleece to spin on a hand held spindle. So as a group we are probably well prepared to live in a Roman Village !

We will start meeting again in the village hall in early Autumn; look out for the new dates in the August/ September Journal. We are always open for new members. We hope to have some sketching outings during the summer dates to be arranged, weather permitting. If you are interested in joining us please contact Jeanne on

Jacobstow WI are now entering into their 78th Year and still going strong with 20 members. We have just started our New Year programme.

We meet on the second Thursday of every month, in the Parish Hall at 7.30pm and have an interesting evening of speakers, competitions and discussions. We are once again entering the Royal Cornwall Show and the Holsworthy Show. So, why not come and join us and give it a go, you can be sure of a warm welcome.

Next Meeting Thursday 14th April 7.30 with a talk by Coralie Short from Tregida Smoke House and Fresh Fish. Thursday 12th May is Members' Night.

JACOBSTOW WALKING GROUP

Next walks -Thursday 21st April, Thursday 19th May. All welcome. Phone Mary to find out where to meet.

Nine people and four dogs set out to walk up to Jacob's Well on the most gloriously warm and sunny morning we'd seen for a long time. Although the sun was shining, it was very muddy due to all the relentless rain we'd had and we slipped and slid through the field next to the Rectory and up through the woods.

After emerging from the woods, we were encouraged by Mary to pick up some small rocks. The people at the back of the group were a bit bemused as to why, as they hadn't heard the reason, but all became clear when the rocks were all lobbed into a deep muddy hole when we emerged into Witchypool Lane, to stop people disappearing into the mud.

We continued on up to Jacob's Well where our photograph was taken and everyone enjoyed seeing all the primroses, daffodils and snowdrops growing there. Mary took the opportunity to pour some water into the well, that she had collected from St Anne's Well in Whitstone.

We returned the same way we had come and being up high, had a fantastic panoramic view all the way over to Dartmoor.

Everyone (Mary, Jeanne, Jill, Sue, Rachel, Barbara, Denny, Helen and Anne) enjoyed

themselves. The dogs also enjoyed themselves and were kept on their leads as there were lots of sheep around. Lots of good conversation, fabulous views and amazingly enough, lots of lovely sunshine. Thanks as usual to Mary who organised the the walk .

Just when you thought that it was all over!

Unless you are involved with CARE (Campaign Against Rural Exploitation) you could be forgiven for thinking that the threat of a giant wind farm towering over Jacobstow has gone away. WRONG! Although it was rejected by Cornwall Council the developers have not given up and have gone to Appeal. As far as they are concerned “NO” only means “No” until they can change it to “YES”. They have not given up and neither should we. The people at CARE are doing an excellent job on our behalf but now we have to start helping ourselves again. The developer (Good Energy) have submitted revised planning information as part of their Planning Appeal and that gives us the opportunity to submit our objections by letter or email. Developers usually claim that they have the support of the community for their projects and we need to let the Planners know that this is not so and that the majority of local people are very much against it. Please send emails to:

Helen.Skinner@pins.gsi.gov.uk with a copy to JHolman@cornwall.gov.uk

Please send letters to: Helen Skinner, The Planning Inspectorate, Major Casework, 2/26 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN

The following points are very important and must be included when writing:

1. The reference is **The Big Field Wind Farm APP/00840/W/15/3014917 - Good Energy Supplementary Evidence**.
2. Give your name and either give address or state that you live local to the windfarm.
3. State that your are responding to the new evidence (this is **very** important!)

Details of the new evidence from Good Energy is on the Cornwall Council Planning website or can be seen at Launceston Library One Stop. The following are some of the main points that they are claiming or which you can address:

*They claim they have listened closely to local community over 18 mths. (Have they?)
They have changed the type of wind turbine and the hub is lower but the blade is longer (this means there is more of a visual impact as each will have a wider sweep).*

You can also comment on the cumulative effect of turbines in the area. For example several more turbines at Otterham and on local farms. Technical details show that the noise from their new turbine is higher than that of the original model and will breach ETSU-R-97 levels at a number of properties.

There are many more items you could mention but it is very, very, important to write something quickly. **In fact within 2 days of reading this article!**

Article submitted by Mike Quance.

Just a little of the History of Jacobstow Church Bells

If folk are disturbed by the clatter and banging of the bells on a Monday evening, it's not the first time that the tranquility has been disturbed.

The bells had been made originally on the spot, in the grounds of the Old Rectory in 1769 by the Lezant bell-founder John Pennington for the sum of £50.

Six Bells. The tenor alone is 6 cwt 26 lbs and the ropes 65 feet long.

In the May of 1970 the bells were in need of restoration and were taken down and transported to Blackfriars Foundry in London. While fund raising was going ahead it was arranged that a few people would learn to ring at Marhamchurch. By October, £1,235 was raised and on the 19th October Mr. F.A. White and his staff set about reinstalling the bells. The builders had previously cut holes in the tower walls to accommodate the steel girders on which the bell frame rested.

On October 23rd 1970 after the bells had been silent for 11 years and 3 months the Rev Michael Pearce called upon Mr William Parsons to break the silence by ringing the Tenor bell, after which the bells were rung for a further 13 years,

One can realize why Winnie Smith was awarded The Truro Diocesan Guild of Ringers award for 50 years of service as a ringer. The team was mostly made up of her family. They were rung for many occasions: weddings, birthdays, Christenings and one muffled peal for the Captain, Mr. W Parsons. He had seen the bells restored twice in his lifetime. The ropes had begun to fray and the ringing tailed off and then stopped except for visiting ringers.

In 1986 renewed interest was shown for the Bells. Dereck Smith took us on. I was one of his lucky pupils. Jacobstow had a fresh team and an excellent captain, with Winnie's family again the backbone. Money was soon raised for a set of new ropes and we joined the Guild of Ringers so got the badge and were even able to proudly wear the sweat shirt with its emblem.

In 1996 The 5th Bell was in need of repair, as it was cracked. It was taken away for 4 months to Bazelys in Tavistock for the restoration work, leaving us to have cream teas and knit-ins to raise more money. We had a strong team while it lasted, unfortunately again the interest faded,

In Autumn 1996 Sid Heard came and taught Brian Marshall, now our Captain.

It has just been the two of us for the last 20 years. And it's with the support of The Week St Mary and Poundstock Ringers that we have kept the bells chiming. (Thank you) .

For the last 20 years, Brian has been doing the vital job of keeping the bells maintained, organizing the guild events, ringing for services and allowing for visiting bell teams that tour the country to enjoy Jacobstow Bells.

Bell Ringing Continued

We are trying to get a team together. How good it would be to have a Jacobstow team ringing for the carol service this year!

We are so lucky, we have a splendid tower, I think the 2nd highest in Cornwall and great set of well maintained bells.

They are part of our heritage, and much of the country's history can be traced through the history of its bells. They call us to wake, to pray, to work, to arms, to feast, and in times of crisis, to come together. Above all, the bells are the sound of freedom and peace, as in World War II when they were silent until the day they could ring in the peace

Recently a team of 7 ringers (350 years experience between them) visited us from Launceston. We had a magical evening quaffing wine and noshing cake whilst the light from the church windows cast shadows from the tombstones

Practice: Monday at 7:30 If you have an interest in learning to ring then why not join The Jacobstow Bell Team and become part of Parish history!

BUDE WELCOMES REFUGEES

Following items desperately needed :Clothing : Children's clothing 5+, thermal hats, gloves etc, new underwear.

General equipment :- blankets, tents, solar torches, baby wipes, dressings, plasters etc. Food: UHT milk, tea, coffee, rice, beans ,chickpeas, spices tinned veg and so on.

Collection: Monday 28th Tuesday 29th March at ST Andrews Church Stratton EX23 9DW

More information on our face book page.

THE DEFIBRILLATOR AT WAINHOUSE CORNER

What is a defibrillator? An AED (automated external defibrillator) is a device that gives the heart an electric shock when someone's heart has stopped (cardiac arrest). They can be used on anyone over 1 year old, including pregnant women. Using a defibrillator before an ambulance arrives can double the chances of survival.

The defibrillator is on the wall outside Wainhouse Shop.

What to do:

If someone is unconscious and not breathing get someone to call 999 for an ambulance. If you are alone, you must do this. The operator will direct you to the defibrillator and enable you to gain access by having the box unlocked. Do not leave your patient. Get someone else to get the defibrillator.

Start CPR until someone can bring you the defibrillator

Hard and Fast

About 100 presses a minute.
Do in time to the song
“Staying Alive!”

WHEN THE DEFIBRILLATOR (AED) ARRIVES:

Switch it on. It immediately gives you a series of visual and voice prompts to guide you through each step.

You can use it with no training.

Follow these prompts until the ambulance arrives.

AED / DEFIBRILLATOR OPERATION SUMMARY

Confirm patient is unconscious, no breathing, no pulse.

Turn on the AED and follow the voice & visual prompts.

Attach electrode pads to patient's bare chest (male or female) as indicated.

Stop CPR and do not touch patient while AED analysing.

Deliver a shock by pressing flashing red light if indicated.

WHERE DO I PLACE THE PADS? Follow the prompts on the defibrillator. The Journal have printed these images to give you more information and confidence.

On a female

On a male

One piece pad

Ensure the chest is clean of hair and dry

- **Keeping going until a Paramedic arrives**

Keep going with CPR, the defibrillator will confirm your compressions are fast enough and hard enough. Listen to the defibrillator, it will want to check and see if it can deliver another shock every couple of minutes.

Want to find out more?

At the time of writing this, we know that a training session is planned to take place in the village hall. As soon as we know the date we will try to keep you informed. Whatever happens, the Journal staff intend to video the training session (if we are allowed to) and hope to put this up on the village website. There is also plenty of information on the internet. A trusted website is www.sja.org.uk (the St John's Ambulance website) Or you can Google St Johns Ambulance How to use an AED. This has printed information and a video. This may be a good time to consider doing a First Aid course. Remember the emergency services are trained to talk you through a difficult situation until help arrives and you can hand over to someone more experienced.

Mobile Library - Enquiries phone 0800 0322345 or 01872 272702

The Mobile Library Service stops at Canworthy Water monthly on a Wednesday from 11-11.15 am.

The Wainhouse Inn - the Pub is the Hub has a good Library of books supplied from Truro. Enter by backdoor to avoid drinkers!!

Note that **Bude Library** will be closed on Tuesday and Friday

KIDS' PAGE

WE'RE GOING INTO OUTER SPACE!!!!!!

WITH BRITISH ASTRONAUT TIM PEAKE CURRENTLY WORKING ON THE SPACE STATION, WE THOUGHT YOU MIGHT LIKE TO THINK ABOUT SOME THINGS.

HOW DO ASTRONAUTS SLEEP?

VERY WELL! THERE IS NO GRAVITY IN SPACE SO THEIR SLEEPING BAGS ARE TIED TO THE WALL AT THE TOP OF THE BAG AND THEN THE ASTRONAUTS JUST FLOAT. THEY DON'T NEED PILLOWS!

DO ASTRONAUTS GET SCARED? AMERICAN ASTRONAUT CHRIS HADFIELD SAYS NOT REALLY BECAUSE THEY TRAIN AND PREPARE REALLY CAREFULLY TO HELP THEM DEAL WITH LOTS OF SITUATIONS. HE SAYS THIS IS A GOOD LESSON FOR LIFE. CHRIS TOOK HIS GUITAR INTO SPACE AND PLAYED THE DAVID BOWIE SONG "GROUND CONTROL TO MAJOR TOM" YOU CAN WATCH IT ON YOUTUBE! HE IS FLOATING WHILST HE SINGS.

TIM PEAKE HAS GIVEN A LESSON ON GRAVITY. LOOK HIM UP ON YOUTUBE!

WHAT WOULD YOU LEAVE IN A TIME CAPSULE ON THE MOON? LET US KNOW AT THE JOURNAL.

By the first week of the New Year, 3.74” of rain had been collected at Canworthy Water. Nothing to note generally, although to the south of the Azores an out of season hurricane was observed, certainly quite a rare event. The 20th saw a moderate frost at -3°C overnight, but the month was fairly mild, extensive hill fog to ground level here was observed on the 31st Total rainfall collected was 7.65”.

February’s main event was the extensive rainfall on the 6th, although only an inch was collected locally, it was clear that within the River Ottery upper catchment area, a considerable amount must have fallen, as the river broke its banks in a number of places in this afternoon, peaking around mid-afternoon, which has not been seen here for a few years previously. All flood defences worked well, with usual road flood towards Canworthy at the Green Bridge, however. Total rainfall collected for the month was 4.75”, fairly typical. Nothing of note frost-wise, -3°C on the odd day.

So again, we have seen a mild, stormy winter. There is some evidence of persistent high pressure systems to the south-west of the UK and we are about due for a few hot summers, as these tend to follow bi-decadal periods. We shall see!
