## Editorial by Sarah

Well, Christmas has come early...at least according to Morrisons (other supermarkets are available). I stood in the bakery department in the second week of September, yes September and saw mince pies. "You are joking!" I exclaimed, and then realised I had said it out loud, and very loud at that, and shuffled away.

Can't we just get Halloween and Bonfire Night out of the way before we start being force fed Christmas. I am not a humbug, don't sit around in a long nightshirt and floppy hat, I enjoy Christmas and all the celebrations, once it's here. I don't enjoy the frenzy the commercial world sends everyone into. And while we are on the subject, it seems to me that they are constantly searching new avenues of what they feel we need to invest into to really enjoy the all encompassing Christmas experience. I saw an advert in a magazine for a whole Christmas bed set, really, we are supposed to have a set of bedding just for Christmas, what and just store it away with the fairy and baubles until next year?

I suppose the flip side to this gripe is that if you are on a limited budget, or just like to get organised, you have the chance to do a little every week and plan ahead. But, how many Hero's can you eat in one day (umm, maybe don't answer that one!) By the time Christmas arrives everyone is exhaustedly saying "It's only one day!" And discussing the fact that they will need to go on a diet now, because they did in fact break the world record for Hero eating.

Ho hum, or maybe ho ho ho...

Sarah

## Jacobstow Parish Council

Chairman: Mr. Norman Osborne 01840-230592

Parish Clerk: Mrs D. Turner 01566-781269

Members: Mrs Charmaine Smith Mr Dennis Adey Mr. Bob Reason  
Mrs Iona Franklyn Mr Ray Fox Mr Peter Chapman

The Parish Council meets in the Parish Hall on the 1st Tuesday of every month (except for August). Meetings commence at 7.30 pm. Members of the Public are welcome to attend but any items for inclusion on the Agenda should be submitted to the Parish Clerk at least 10 days before the meeting. There is an opportunity to raise questions at the beginning and end of the Council meeting but questions (and answers) raised at these times are not recorded in the minutes. Agenda and minutes of previous meetings available on [www.jacobstowvillage.co.uk](http://www.jacobstowvillage.co.uk)

Editor's Note The report on each month's Parish Council Meeting is a summary prepared by the Parish Clerk. We have omitted certain minor items for brevity but a full version of the Minutes is displayed on the Parish Hall Notice Board (after formal approval) at the following month's Parish Council meeting.

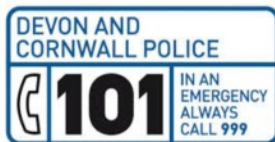

There was no Parish Council meeting in August, so only  
September minutes available

### ***Summary of Minutes held on 1<sup>st</sup> September, 2015***

Cllr. Norman Osborne chaired the monthly meeting of the Parish Council with a full attendance of Councillors, Cllr. Nicky Chopak and two members of the public.

- 1) **Notice Board** - The meeting began with everyone going outside to look at the new Notice Board. Photographs were taken with some of the members of the Parish Hall Committee.
- 2) **Bus Flag** - Mr Rob Waters had Emailed saying that regarding the "Time Tabled stop point" "he has added this to his list and will respond soon.
- 3) **Paperless Planning** - As all Planning Applications will be sent electronically after January it was agreed to ask the School if we could use their screen etc.
- 4) **Council Website** - Account received from Ballynet for £100 for setting up the Council Website. Proposed we pay. Cllr. Chapman Seconded Cllr. Adey. Also the charge for putting information on the Website each month will be £10. Clerk to arrange a Direct Debit for this.
- 5) **Red Post Joinery (Notice Board and Old Map)** - Two accounts received from Red Post Joinery, one for £708 for the new Notice Board and one for £216 for the Old Village Map. It was agreed to pay these. Proposed Cllr. Smith Seconded Cllr. Fox.
- 6) **Planning Application - Mr P Chapman** - Covering over existing outdoor cattle yard at Hele Barton, Week St. Mary. Cllr. Chapman left the room at this point. Councillors unanimously support this application.
- 7) **Footpath** - Cllr. Chapman reported that he had installed a new footbridge on the footpath on his land.

## HOW DO I CONTACT MY LOCAL POLICE STATION?

We all know that you dial 999 in an emergency but for this to work well it is essential not to clog up the line with non emergency calls. So for example when a car crashed in my road and I needed to ring the police, my first thought was “Nobody is seriously injured so I won’t use 999” I then thought I would call my local police in Bude, Launceston or Camelford. I checked **USEFUL NUMBERS** on the back of my Jacobstow Journal and discovered that the number I had to ring was 101 which is a central enquiries desk. They were very helpful and a policeman arrived within 15 minutes. Whilst we are concerned about the decline in our local police support, remember this number: 101 and remember **NOT USING 999** could save a life.

In passing information about Neighbourhood Watch is on Page 31.

### **NEWS FROM OUR MP, Scott Mann**

Back in the constituency I recently visited a beef farm to watch a TB test being carried out. These are nerve racking experiences for farmers who can face painful and emotional consequences upon a bad result. Many cows are being killed because they have TB, this disease needs to be tackled head on. Farmers

want a healthy badger population, and the current situation does nothing for the badgers, the cows or the farming community. In the summer I expressed concern over a "surf tax" being considered by Cornwall Council, and I'm very disappointed to see that it has been passed. This will place an unnecessary burden on surf schools which play a huge part in education as well as sea safety and awareness.

Since returning to Parliament after the summer recess I have written to David Cameron and Greg Clarke, the Secretary of State for Communities and Local Government, asking them to help save public toilets by exempting them of business rates, as well as asking them to consider making public toilets a statutory public service, meaning they must remain open.

These are essential amenities for local people and visitors who should be able to expect access to a public toilet in the local area, whether it be a town centre or a beach. The Prime Minister is a frequent visitor to Cornwall and I hope my Cornish colleagues and I have emphasised the problem enough for action to be taken. I of course will keep the constituency updated when I receive a reply from the Prime Minister and Greg Clarke.

## PROTECT OUR GREENFINCHES!

**Did you know that since 2006 there has been a steady decline in our greenfinch population? It has been caused by a disease called trichomonosis. The infection is spread as birds feed one another with regurgitated food during the breeding season and through food and drinking water contaminated with freshly regurgitated saliva.**

**As the weather gets colder we are likely to start feeding the birds in our gardens. It is important that we help them but bird feeders are a big cause of the way this disease is spread. All we need to do is keep the bird feeders and bird baths clean. The disease cannot spread to humans or our pets and is easily destroyed. You can use diluted bleach or liquid detergent and warm water. Then hose down or rinse with clean water and vinegar.**

**Vera Davies** - it is with sadness that we must report that Vera Davies passed away at the beginning of August. Although she lived at Widemouth Bay she was a great supporter of the Journal, making good use of her teacher training to proof read every edition and she co-sponsored our puzzle page. She will be sadly missed

## New Notice Board for the Parish Hall

L to R:  
Dennis Adey,  
Lynda Harris,  
Norman  
Osborne &  
Robert  
Reason

Jacobstow Parish Council have kindly donated a new Notice Board to the Parish Hall Committee. Parish Councillor Dennis Adey put forward the suggestion that the Parish Council should arrange for the new board, and this was handed over to the Parish Hall Committee Chairman Lynda Harris by Norman Osborne the Parish Council Chairman. Dereck Smith gave the board numerous coats of varnish to protect it from the weather, Ann Adey organised the lettering at the top of the board and Steve Connerly helped Dennis to take the old board down and fit the new one. The notice board is for the whole village to use for anything you feel everyone would like to know about. Please feel free!

# CHURCH AND CHAPEL NEWS & EVENTS

## News From Jacobstow Church

St James Church Harvest Festival will be in the Parish Hall on Monday 5<sup>th</sup> October at 7pm with supper and auction of produce to follow. There is no service in church as we plan to make it a community event.

The church Autumn Bazaar will be held in the Parish Hall from 11am on Saturday 14<sup>th</sup> November. Gift Stalls; WI Stall; produce; tombola and refreshments and many more.

If any other parish groups would like a stall please contact Ray Fox 01840230153.

The restoration of the 2 oil paintings is awaiting the diocese approval but we hope it will start soon, so please keep collecting loose change to fill the font at Christmas.

The church now has a little children's corner by the north door. By the way did you know this door is medieval and the second oldest in Cornwall? You can only see it from the inside though as a newer door has been put behind it as protection from the elements.

Local people have an affection for the little church at Treneglos with its atmospheric gas lighting, and they will be sad to hear that it has had to be closed indefinitely due to plaster falling from the roof lining making it unsafe. We will all miss the candle lit carol service and the journey over the ford to reach the church

## CHAPEL

On The 18<sup>th</sup> October there will no Methodist Services locally as Mr Steve Wild, the Methodist President will be taking the Service at Bude Central Methodist Church at 11am.

## Bob's Gardening Spot

If you want a good show for winter containers, get a deep pot, put lots of drainage material in the bottom e.g broken pots or ballast to keep it stable. Put about 6 inches of good compost (John Inne's no 2) in the bottom. Plant daffs about 2 - 3 inches apart, cover them with 3 inches of compost. Plant a tier of tulip bulbs over these, cover with compost

and plant bedding over the top of these.

October/November is the ideal time to plant deciduous trees and any shrubs. They get time to get established before the cold holds them up. If you want more shrubs or soft fruit plants, now is the time to take cuttings. Take a stem about pencil thickness and roughly 6-9 inches long. Put them around the edge of a deep pot or plant them into a nursery bed.

You should be planting your winter hardy onions and garlic around now with the top bit just out of the ground, but keep an eye on them in case the birds try to pull them out.

Remember to put grease bands around your apple and pear trees now to stop grubs affecting your trees next year. Pruning fruit trees and bushes at this time of the year consists of cutting out larger branches and opening up the centre to allow more air and sun to ripen the new wood and cutting out dead or diseased branches.

## Eden Chapel Youth Club

Youth club is going on a 5 day trip to London in the October half term and are being given a tour of the Houses of Parliament by our local MP Scott Mann. We are also going to the Tower of London and lots of London museums and other sights will be seen while we are there.

We had a Chapel trip to Switzerland early in August to a village called Hombrecktikon. We were put up by members of the Chapel there and went out sight seeing everyday. We swam several times in Lake Zurich, which was lovely and warm. Our mountaineering took over and we climbed a small mountain. We helped with Messy Church on the Sunday and went to the Sunday special service which is run by the youth of their church. It was very uplifting. We were shown round a traditional Swiss marionette theatre and were allowed to try some of the puppets and saw a short performance. Our hosts took us by minibus

Lake Zurich

to see the largest waterfall in Europe called the Rhinefall, which was magnificent. We had a boat ride right up to where the falls go over and we got wet with the spray from the water. After this we went to a town called Shaufhausen and saw a 15th century monastery and some of the buildings in the tower with beautiful old murals painted on them. The highlight of the trip was a two day trip to Interlaken. We went on the first day to a place called Ballenberg which is full of old Swiss houses and farm buildings and were shown the crafts that were done in them like pottery, weaving, rope making and a huge copper pot which they made cheese in. We stayed the night in a Christian youth hostel surrounded by the mountains. It was wonderful. On second day we went to see more mountains and the Eiger mountain. It took us half an hour to reach the top of the mountain by cable car and then about another half an hour to walk to the top. We were in the Jungfrau region which has a wonderful view of the mountains and the valleys between. We saw a glacier and also saw how in the past glaciers had shaped the valleys at the bottom. We then went to a beautiful town called Grindelvald. On the last morning we were shown round the local theatre which is well known for its opera productions. We were shown around back stage and all the costumes. It was an amazing experience and we would like to thank everyone who made it happen. We hope next year that some of the Swiss congregation will come and stay with us here.

## WEATHERWISE

### by Monitor

By the time you read this, we will be well into Autumn. This summer was notably overcast, with hours of sunshine well down on what one would expect even from our normally unpredictable climate. Normally, a decline in Mid-Atlantic sea surface

temperatures would decrease rainfall, but should this process move into a negative figure it can considerably upset matters.

This was certainly the case this year, as a cold pool of sea-water Mid Atlantic persisted, becoming 4°C below normal. It is only just showing signs of warming as I write. This anomaly was possibly a function of a weak Gulf Stream, but in any case disrupted the summer Jet Stream giving rise to cooler conditions and higher rainfall.

At Canworthy Water, July saw 3.89" collected, and August 5.36", which incidentally was almost the same as last year. In August, 3.6" of rain was noted in seven days ending on the 26<sup>th</sup>. Some days, the temperature struggled to get to 15°C.

Far away in the Tropical Atlantic, there have been eight tropical storms, of which two became hurricanes, and of which "Fred" was a Cape Verde hurricane. None seemed to cause any real problems apart from heavy rain, however.

Wednesday 16<sup>th</sup> September, the actual 100<sup>th</sup> birthday of the WI in Wales. Cornwall joined in 1918. What a

memorable day!. We sang Jerusalem, then handed over to Elaine Reynolds, a florist from Bruallen, Delabole. Elaine had looked into the WI over 100 years and each arrangement depicted the WI.

Afternoon tea was served then the arrangements were used for the raffle. WI's present were St Gennys, Week St Mary, Marhamchurch, and of course Jacobstow. We also welcomed past members to the celebrations.

Jacobstow Parish Hall**

After a month's break the group met again on a beautiful sunny morning on Thursday 10<sup>th</sup> September. We were joined by Rachel Chapman and her dog Jessie. We met as usual at The Parish Hall and then drove to Hele Barton where we walked for 3 hours across fields and footpaths on the Chapmans' land. Mary was back from her sailing trip to lead us so this time there was

no getting lost!

The views were stunning and we encountered lots of wildlife including kestrels, young pheasants and an old oak with bees.

## 1<sup>st</sup> Jacobstow Guides update

*Bembridge Windmill- Isle of Wight*

Jacobstow guides joined by guides from Tregadillet and St. Breward and their leaders spent a wonderful week at the end of July camping in Hampshire. We arrived, pitched our tents and cooked a meal within 4 hours of arriving all in sunshine. However the next day we weren't so lucky and it rained all day. Fortunately, we had arranged to stay on site and most of the activities could be completed in our day tent. The next day we were up early and went to the Isle of Wight, visiting both The Needles and Bembridge Windmill where we had a fascinating guided tour of the mill with all its original wooden equipment. Then before getting the ferry back we had fish and chips. Tuesday was a relaxing trip to the Watercress Line, a steam powered rail line, followed by climbing on the campsite's climbing wall in the evening. The next day we met all the animals at Marwell Zoo, the highlight for two of the leaders renewing their promise at the giraffe enclosure. The final day was spent swimming at Romsey Rapids to ensure everyone was clean to go home the next day! We also joined another guide unit in the evening for a campfire where we all sang some campfire songs, both familiar and new. As this was the last night the girls asked if they could sleep under the stars for the night, which they did. Then it was time to pack up and head home which took longer than expected due to heavy traffic on the A303, so we arrived back tired but all looking forward to our next adventure together when we will be travel-

There was a really successful Coffee Morning with some very yummy cakes! And a Raffle.

The morning raised £133.50 towards the trip to the

Girl Guiding World Chalet in Switzerland where a large group from Cornwall are going to next Spring. A fantastic opportunity to experience new adventurous activities.

## HAPPY CRAFTERS at EDEN CHAPEL

We had a very successful Crafter Fair with a steady flow of visitors who looked at and purchase some of the items we and the Youth Club had made. Afterwards our visitors enjoyed their refreshments and/or lunches.

At the end of the Fair a donation was made to the Cornwall Air Ambulance.

Happy Crafters meet on the 2<sup>nd</sup> and 4<sup>th</sup> Thursday of each month between 1.30pm and 3.30pm. Tutorials are included from time to time, mainly conducted by our own members.

Membership is £10 per year or £2 per session for non-members.

# KIDS' PAGE

- Many of you will have started new schools and one month in may be the time to work on friendships. Some of us find it easy to make friends. Some of us are shy and it takes more time. Here are some tips:
- If you are shy, listen to people and take an interest in their hobbies. Josie says "When my friends listen to me I know they care about me."
- We are all different. Picking on someone because they are different is wrong. Tom thinks his friends are special because they are different.

- Play fair. It's easy to fall out over little things like losing games and pranks, but acting fairly means fewer rows. Emma says sticking to the rules and laughing things off helps, but also be prepared to forgive friends. None of us are perfect!
- Stand up for each other. Pete says "It's not easy to speak out against a bully, so if it's too scary, give your mate a hug and help them tell an adult."

## VINTAGE TRACTOR & MACHINERY RALLY

By kind permission of Peter Dymond, organised by Roger Ball, Henry Johns and Tom Silby. The very knowledgeable Commentator was Thomas Andrews from Ladock. The PA System was arranged by Paul Hobbs. The Draw was organised by Sean Smithy with proceeds to Cornwall Air Ambulance

There was a fine collection of farm vehicles, one of the oldest must have been a 1944 International T50 baler. This venerable machine, which must have baled over a 1,000,000 bales in its lifetime, was rescued from Bill Weekes of Canworthy Water by Andrew Medland and restored by his son Sam to full working order. There was a fair turnout of spectators even though

## CORNWALL AT WAR MUSEUM

*“The friendly museum”*

DAVIDSTOW  
AIRFIELD AND  
CORNWALL  
AT WAR  
MUSEUM

If you have not yet been to this museum then you still have a chance during October as it closes for the winter on 2nd Nov. With a total of 18 buildings it provides extensive coverage of the RAF, the Army and the Royal Navy in Cornwall from the early 1900s up until the time of the Falklands conflict. There are numerous dioramas, over 100 mannequins in uniform or civilian dress appropriate to the 1940s, audio/visual displays in most of the buildings, thousands of artifacts, a cinema with an introductory film and even a do-it-yourself NAAFI for a hot drink. Located at Davidstow next to the Dairy Crest Creamery just off the A39, the entrance fee is modest and its popularity is indicated by the number of visitors that return year after year.

## TWO GINGER BEER RECIPES - Ginger is very good for nausea

### GINGER BEER CORDIAL - non-alcoholic

2oz ginger root - bruised, peeled and chopped

1lb granulated sugar

$\frac{1}{4}$  oz tartaric acid

2 lemons - juice of one and the other sliced

1 gallon boiling water

Put the ginger, sugar, tartaric acid and lemon into a bowl and cover with boiling water. Stir until the sugar has dissolved. Leave for 3-4 days. Strain and bottle. It will be ready to drink after a few days and can be diluted with either still or sparkling water or even Lemonade.

### GINGER BEER - alcoholic

2lb granulated sugar

The rind and juice of 2 lemons

1 oz bruised, chopped fresh root ginger

$\frac{1}{2}$  oz cream of tartar

1 large tablespoon of Brewer's yeast

2 gallons boiling water

Sterilize a fermenting bin or white plastic bucket with sterilizing solution or Camden tablets. Don't use a coloured bucket as the alcohol will draw out the poisonous pigment.

Put all the ingredients, except the yeast in the bin and add boiling water. Stir to help the sugar dissolve. Leave this until the water is hand warm (tepid), then add the yeast. Cover the bin and put it in the warmest place you can find.

Skim the liquid of any yeasty froth every 24 hours. After 3 days, test the liquid with hydrometer to check whether fermentation has finished. Fill a tall glass with the liquid and let the hydrometer float until it settles. The liquid must settle at the 1010 mark or between 1010 and 1000. It is extremely important to take this reading to avoid any explosions after bottling and taste rather sweet. Just keeping checking until it reaches the right stage.

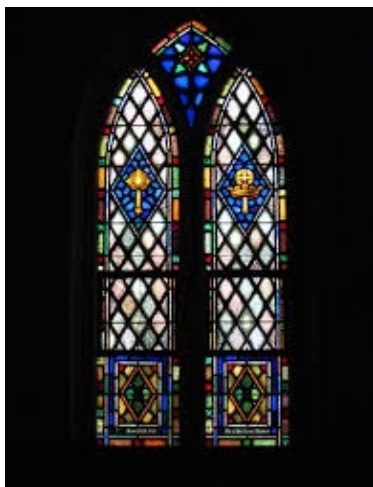

Strain the liquid into sterilized plastic not glass bottles and add 1 teaspoon of sugar to each bottle (Mind you I have used glass with no problems). Screw each top up tightly and leave 3 days before drinking. Ginger Beer should be drunk within a fortnight.

This was from a Lakeland Plastics Fact sheet in 1987!
