Witheven Stables, Jacobstow, Bude. - Clerk to reply saying the same as 3rd February, 2016 as this is a repeat application. They wish to say that this is not a redundant old barn, it was only built in 2011 and is half a mile off a Council road. The barn has never been used as per the original plan. Also it has never been finished as per the original planning approval. They are concerned about residential development being so close to a Wind Turbine and there is also the question of noise level.

12)New BBC2 Show – A new television show called “The Repair Shop” is being made. The show looks into repairing interesting possessions of people, churches, community things (i.e. statues, weather vanes, sun dials etc.) who would like to see their items restored or repaired back to their original working order. The team of experts cover all trades from blacksmithing to ceramics, clockmakers to woodworkers.

13)Railway - There will be a “Destination Okehampton/OkeRail” presentation open to the public at the Parkhouse Centre on the 18th February, 2017 between 10.00 and 1300. This is to discuss re-instating passenger services between Okehampton and Exeter which is seen by many as the first step in restoring rail services to Bude.

There being no further business the meeting was closed.
